Form 990, Part VI, Question 15a/b		The executive compensation program as administered by Kaiser Foundation Health Plan, Inc is designed to recruit, retain and motivate qualified senior management personnel. Senior management personnel have a significant impact on the strategic and policy direction and results of the organization. Therefore, the executive compensation program is, to a significant degree, performance-based. The compensation program is reviewed annually by the Compensation Committee of the Board of Directors which evaluates and approves prior to payment all programs and payments to CEO, Executive Director and top management officials (executives). Base pay for executive positions is established at a level comparable to the relevant market. In addition, other components of the compensation program bear 'at-risk' features designed to focus on strategically important performance goals and to assist in attracting and retaining top performers. The executive compensation program is targeted at the median of the comparable external market in which the organization competes for executive leadership. Evaluation of comparable pay data is performed by an Independent Compensation, Benefit & Human Resource Consulting firm. The compensation program focuses on objectives in the areas of quality of member care and service, financial soundness, and the community and social mission of the organization.
